Sub: Letter of No Objection for Agricultural Investors and others to Central Upper Nile State

Reference to the above subject Matter ,I **James Tor Monybun** ,Governor of Central Upper Nile State –Malakal, have this pleasure to convey this new year greeting to you on behalf of my government and on behalf of the people of Central Upper Nile State –Malakal ,I'm here by writing to your administration in response to the meeting which I held with **Mr. Monyroor Kuany** last year in the state capital -Malakal concerning your interest to invest in Agricultural sector and others in our state, the state government is happy about it and have No objection ,therefore we make this communication available for you.

The People of Central Upper Nile state are eager and would welcome any investor or business persons for the better services delivery to our people in the state ,our state was devastated by the current conflict of 15th Dec 2013 in which all formed of livelihood were destroyed by the war, therefore we encourage all the investors and developmental actors to come to our state and explore for business opportunity ,the land is fertile for Agricultural purpose, we have agriculture equipment available in the state such as Tractors and accessories, one may not need to buy or import these thing to the state.

The security situation in the state is stable and life have return back to its normalcy, most of inhabitants of Malakal town have returned back to their houses, however we have huge challenges of services delivery such as food production ,the state government prioritizes food Security among others to be our priority in this year, there are many doors of business opportunity gape available in our state, most of the investors came and concentrated in Juba and other states of Republic of South Sudan but could not reach to Malakal.
